AIRWORTHINESS NOTICE

NOTICE 8206

Issue 1
19 July 2019

IDENTIFICATION OF PRODUCTS, PARTS AND APPLIANCES
(CAAM PART 21 SUBPART Q)

IN exercise of the powers conferred by section 24O of the Civil Aviation Act 1969 [Act 3], the Chief Executive Officer makes this Airworthiness Notice ("Notice") – Identification of Products, Parts and Appliances (CAAM Part 21 Subpart Q).

This Notice provides the requirements pertaining to identification of an aeronautical product and for any matters connected therewith.

This Notice is published by the Chief Executive Officer under section 24O of the Civil Aviation Act 1969 [Act 3] and come into operation on 19th July 2019.

Non-compliance with this Notice

Any person who contravenes any provision in this Notice commits an offence and shall on conviction be liable to the punishment under section 24O of the Civil Aviation Act 1969 [Act 3].

(Ahmad Nizar Zolfakar)
Chief Executive Officer
Civil Aviation Authority of Malaysia
19th July 2019
1.0 CITATION

This Notice may be cited as the Airworthiness Notice – Identification of Products, Parts and Appliances (CAAM Part 21 Subpart Q) [Notice 8206].

2.0 APPLICATION

This Notice shall apply to—

(a) a holder of a certificate of approval for the design of aeronautical product issued under regulation 21 of MCAR;

(b) a holder of a certificate of approval for the manufacture of aeronautical product issued under regulation 21 of MCAR;

(c) a holder of a Type Certificate issued under regulation 23 of MCAR; and

(d) a holder of a certificate of approval for the maintenance of aeronautical product issued under regulation 31(b) of MCAR.

3.0 INTERPRETATION

In this Notice, unless the context otherwise requires—

“Authority” means the Civil Aviation Authority of Malaysia;

“MCAR” means Civil Aviation Regulations 2016; and

“organisation” means person under paragraphs 2(a), (b), (c) and (d) of this Notice.

4.0 IDENTIFICATION OF AERONAUTICAL PRODUCTS [21.801]

4.1 An organisation shall ensure the identification of aeronautical products shall have the following information—

(a) manufacturer's name;

(b) product designation;
(c) manufacturer’s serial number; and

(d) any other information as may be determined by the Authority.

4.2 A holder of a certificate of approval for the manufacture of aircraft or engine issued under regulation 21 of MCAR shall—

(a) identify that aircraft or engine by means of a fireproof plate that has the information specified in paragraph 4.1 of this Notice marked on it by etching, stamping, engraving or other method of fireproof marking as approved by the Authority; and

(b) ensure the identification plate be secured in such a manner that it is accessible and legible, and shall not likely be defaced or removed during flight, lost or destroyed in an accident.

4.3 A holder of a certificate of approval for the manufacture of propeller, propeller blade or propeller hub issued under regulation 21 of MCAR shall—

(a) identify that propeller, propeller blade or propeller hub by means of a plate, stamping, engraving, etching or other method of fireproof identification as approved by the Authority that is placed on it on a non-critical surface, contains the information specified in paragraph 0 of this Notice; and

(b) ensure the identification plate shall not likely be defaced or removed during flight, lost or destroyed in an accident.

5.0 HANDLING OF IDENTIFICATION PLATE AND INFORMATION [21.803]

5.1 No person shall remove identification plate as prescribed in paragraph 4.1 of this Notice unless with the approval of the Authority.

5.2 No person shall remove or change identification information on the identification plate as stated in paragraph 4.1 of this Notice unless with the approval of the Authority.

5.3 Notwithstanding any other provision in this Notice and subject to the approval of the Authority, a holder of a certificate of approval for the maintenance of aeronautical product issued under regulation 31(b) of MCAR may—

(a) remove or change the identification information on the identification plate as stated in paragraph 4.1 of this Notice; or
(b) remove the identification plate as prescribed in paragraph 4.0 of this Notice.

5.4 No person shall install an identification plate removed in accordance with paragraph 5.3(b) of this Notice other than the one from which it was removed.

6.0 IDENTIFICATION OF PARTS AND APPLIANCES  [21.804]

6.1 An organisation shall ensure part and appliance are marked permanently and legibly with—

(a) a name, trademark or symbol identifying the manufacturer in a manner identified by a holder of a certificate of approval for the design of aeronautical product issued under regulation 21;

(b) the part number as defined in the applicable design data; and

(c) the part number for parts and appliances produced in accordance with approved design data not belonging to the holder of a type certificate of the related aeronautical product.

6.2 Subject to the approval of the Authority, an organisation may mark part and appliance not in accordance with paragraph 6.1 of this Notice if the Authority is satisfied that part and appliance are too small or impractical to mark it with information as stated in paragraph 6.1 of this Notice. The authorised release document accompanying the part or appliance or its container shall include the information that could not be mark on the part or appliance.

7.0 IDENTIFICATION OF CRITICAL PARTS  [21.805]

An organisation shall permanently and legibly mark a part with a part number and a serial number if manufacturer of that part and appliance has identified that part as a critical part.
