

ADVISORY INFORMATION 08/2022 REV 1

30 April 2022

MYSEJAHTERA REQUIREMENTS FOR TRAVELLERS ENTERING MALAYSIA

1 Introduction

- 1.1 This Advisory Information (AI) is directed to all operators and travellers with regards to the country's new entry requirements.
- 1.2 From 1st May 2022, pre-departure and on-arrival tests are no longer required for fully vaccinated travellers entering Malaysia.

2 Procedure

- 2.1 All travellers entering Malaysia are required to download and register the MySejahtera application via <https://mysejahtera.malaysia.gov.my/> within a week before departing for Malaysia. The link above also provides the steps to install and register MySejahtera.
- 2.2 Travelers are then required to complete a pre-departure form in the 'Travel for...(travellers name)' icon that can be accessed via the "Traveller" icon on the MySejahtera screen. Once the form is completed, the traveller will receive a 'Traveller Card'.
- 2.3 For travellers who are partially or not vaccinated, he or she will receive a 'Traveller Card' together with a reminder to upload the Covid-19 test results. This test is to be conducted within two (2) days before departure to Malaysia.
- 2.4 For travellers who received their Covid-19 vaccination abroad:

After completing the pre-departure form, travellers are required to fill in their vaccination history details in the "Overseas Vaccination Details". This link is also available on the same display as "Travel to...(travellers name)". Travellers are to verify their Covid-19 digital vaccination certificate through the <https://mysafetravel.gov.my/> portal before departing for Malaysia to avoid obtaining a mandatory quarantine order upon arrival in Malaysia.

2.5 Travellers are to be reminded:

- a) a false declaration made in this pre-departure form is an offense under Section 22(d) of the Prevention and Control of Infectious Diseases Act 1988 [Act 342] and upon conviction, is punishable under Section 24 of Act 342, which may lead to imprisonment or a fine or both;
- b) if the vaccination status is incomplete, the traveller will be given a Home Surveillance Order (HSO) for **five (5) days** from the date of arrival in Malaysia;
- c) for travellers who are partially or not vaccinated, Covid-19 detection test (either professionally administered or professionally-supervised antigen rapid test) must be performed within **24 hours after arrival**, undertaken at any private healthcare facility either at the Point of Entry (POE) (*Pintu Masuk Antarabangsa (PMA)*) or in the country. In addition, their MySejahtera will be assigned with “High Risk” status while being subjected to a mandatory five (5) day HSO;
- d) if the result of the professionally administered Covid-19 RT-PCR or RTK-Ag test performed while in Malaysia is positive, travellers will be subjected to isolation for a period of time according to the current protocol of the Ministry of Health Malaysia (MOH); and
- e) the traveller shall bear all costs related to testing, quarantine, isolation and treatment imposed on it.

Note. – Refer to Attachment 1 for testing and quarantine requirements for inbound travellers from 1st May 2022.

2.6 The requirement for travellers to install and use the MySejahtera application for declaration of health status and vaccination is under the provisions of Regulation 17 of the Prevention and Control of Infectious Diseases (Measures Within Infected Local Areas) (National Recovery Plan) (Transition Phase to Endemic) Regulations 2022 [P.U.(A) 83/2022] and has been incorporated into the new standard operating procedures (SOPs). Failure to comply with the requirements of these SOPs may result in the traveller being denied boarding.

2.7 Travellers medically unfit to be vaccinated

2.7.1 Travellers who are medically unfit to be vaccinated are allowed to enter Malaysia. They do not need to undergo quarantine upon arrival. However, they will still need to do a COVID-19 RT-PCR test or professionally administered COVID-19 antigen rapid test within two (2) days before departure for Malaysia and a professionally administered or supervised COVID-19 antigen rapid test within 24 hours of arrival in Malaysia.

- 2.7.2 Travellers who are medically unfit to be vaccinated should obtain proof of their vaccination exemption before they travel. The proof of vaccination exemption should be an endorsed document from a healthcare provider / public health official. Failure to do so may result in the travellers being subjected to quarantine upon arrival. Travellers should bring along an electronic or physical copy of their proof of vaccination exemption.

3 Travel Insurance

- 3.1 Beginning 1st May 2022, COVID-19 travel insurance is no longer required for all travellers arriving in Malaysia.

4 Conclusion

- 4.1 Advisory Information 08/2022 dated 31st March 2022 is hereby superseded.
- 4.2 CAAM will continuously monitor and update accordingly should there be any development.
